

## **Workin' at the Joe Cotton Ford Car Wash, Yeah!**

We may not be singing Car Wash by Rose Royce but, we are enjoying the car wash fundraisers. During the summer months of May to August we are helping schools in the community to raise money. During this past summer we helped Glenbard North High School and Bartlett High School.

On May 17<sup>th</sup> we hosted a car wash at our location in Carol Stream. This fundraiser was to help the girls' softball team and the boys' volleyball team raise money for their sports boosters. This is to make sure they have the necessities for their season from equipment to uniforms. The softball girls went from 10 a.m. to noon then the volleyball boys followed from noon to 3 p.m. washing the cars at our dealership.

We also helped the Cheerleaders of Glenbard North on June 12<sup>th</sup>. They were washing cars to raise money for the American Cancer Society's Carol Stream Relay for Life. This group teamed up with many others and ended up raising all together 70 thousand dollars for Carol Stream's Relay for life.

We at Joe Cotton Ford love helping the schools and people in the community. As for upcoming events, from Nov. 12 until Dec. 4, we will be helping with the annual Christmas Sharing Program. Don't forget to bring over toys, gently used clothes and canned food for the drive.

For more information on how to have a fundraiser for your school or about the Christmas Sharing Program email us at [joecottonford@gmail.com](mailto:joecottonford@gmail.com)
